	CPU	4 GHz Quad Core	4 GHz Quad Core
	RAM	8 GB	16 GB
	HDD	1 TB	2 TB

Limitation

- With BioStar 2 API Server, only one third-party App can be connected. However, the number of available API calls is not limited.
- With BioStar 2 API Server, push alarm function is not supported on BioStar 2 Mobile App.
- When BioStar 2 API Server uses HTTPS, you cannot access the BioStar 2 Mobile App.

Installing BioStar 2 API Server

BioStar 2 supports a 64-bit operating system. Check the system type of your PC where the BioStar 2 API Server is to be installed and carry out its installation accordingly.
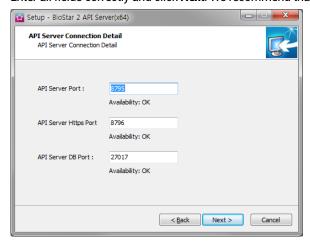

📖 **Note**

- Install BioStar 2 API Server on a PC which BioStar 2 is already installed. To install BioStar 2 API Server on a local network PC, Please contact the Suprema Technical Support Team (support@supremainc.com).

1 Double-click the downloaded setup program. (ex. 'BioStar 2 API Server(x64).x.x.x.xx.exe')

**2** Select a language and click **OK**.

3 To continue the installation, select **I accept the agreement** and click **Next**.
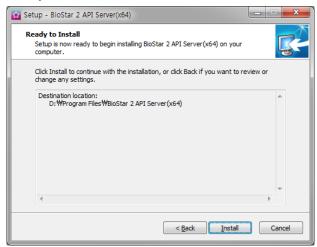

4 Enter all fields correctly and click **Next**. We recommend that you use the default value.

5   Click **Next** after setting a path for BioStar 2 API Server to be installed.

**6**   If ready to install, click **Install**.

7   Click **Finish** after the file copy is complete.

Accessing BioStar 2 API Server

1   Double click the **BioStar 2 API Server(x64)** icon on the desktop.

2   BioStar 2 API Server registration screen will appear. Enter all fields correctly and click **Register**.

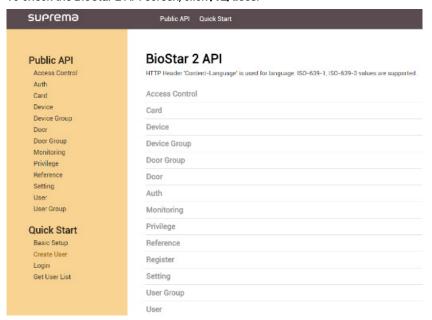

- Enter the subdomain name in the **API Server Name** field.
- Click the drop-down menu to select a protocol type.
- If installing on the same PC as BioStar 2, enter '127.0.0.1' for **BioStar 2 AC IP Address**.
- You can check the port of BioStar 2 on the **Web Server Configuration** of **BioStar Setting**.

- Enter the administrator account information in the **Login ID** and **Password** fields.

3   When the registration is completed, the following screen appears.

4 To check the BioStar 2 API screen, click **/v2/docs**.

📖 **Note**

- Basic Setup of Quick Start is only for BioStar 2 Cloud user.
